ANSWER 4 QUESTIONS:

1. Trading blocs seem to be the wave of the future. Is it just a matter of time, in your opinion, before they become political and economic unions?

2. What, in your opinion, characterizes the relationship between the south and the north in terms of attitudes towards one another, trade, values and ways of living?

3. Discuss the objectives behind Super 301, explaining how it conflicts with GATT principles?

4. Since intellectual property rights grant monopoly power to their owners, state the economic rationale for IPR’s and counter opinions?

5. Why developing countries’ debt is considered international crisis? Is there a feasible solution in your opinion?
